Letter of Intent to support Apimondia 2025

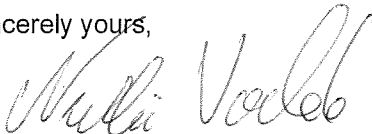

Greater Copenhagen is a collaborative organisation promoting growth and development in the largest Nordic metropolitan area, encompassing 4.4 million citizens in Southern Sweden and Eastern Denmark.

We see partnerships as the key to development and innovation in Greater Copenhagen's 85 municipalities and 4 regions. We promote cooperation between our members and create alliances at both the regional and international levels, connecting knowledge hubs, businesses and public institutions.

It is with great pleasure and interest that we have learned about **Apimondia 2025**, and we are committed to take active part in the initiative since it supports our vision of building a green metropolis of the future.

We are committed to work with you to make Apimondia 2025 a great success should you decide to bring it to Greater Copenhagen.

Sincerely yours,

Nicolai Juel Vædele
Director, GC Green
