**Letter of support for a Danish quote for hosting Apimondia in Copenhagen in 2025**

Dear Excellences,

I, The Danish Minister of Food, Agriculture and Fisheries, hereby want to express my strong and sincere support for the offer of the Danish Beekeepers Association to host the Apimondia Congress in 2025 in Copenhagen.

The Danish Government works in several ways to support beekeeping in Denmark in close dialogue with the Danish Beekeepers Association. I am convinced that the Danish Beekeepers Association, together with other nordic organizers, will be highly capable of ensuring a successful conference in Copenhagen.

Yours sincerely,

Rasmus Prehn
